CASHDROP is the fastest, easiest, most powerful way for restaurants to offer mobile online ordering and curbside pickup to their guests with no seller fees, subscriptions, commissions, or contracts ever.

### A SUPERIOR GUEST EXPERIENCE

Guests scan a QR code at your restaurant or click a link on your social media, choose their items on your menu, and check out in 2-clicks using Apple Pay, Google Pay, or their credit card. There's no sign-ins or apps to download, just simple, easy ordering and payment.

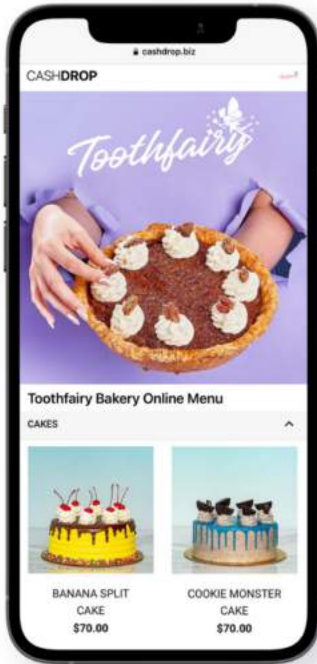

### EASY MOBILE MANAGEMENT
